Sir,

With reference to the DO letter on the subject cited above, I have the honour to furnish the following problems faced by Sports & Youth Welfare Department, Assam:

1. Difficulty in scouting of budding talents due to lack of participation of students in sports.
2. Absence of rescheduling or provision for holding separate exams for students participating in State level or National level sports competitions.
3. Lack of transparency and accountability of athletic federations and organizations for which talented players miss the opportunity to participate in the sporting events.
4. Lack of proper coaching or grooming facility for sportspersons of expensive sporting events like Cricket, Shooting, etc.
5. Absence of livelihood of sportspersons post their sporting career for which Sports is not considered a lucrative career option
6. Lack of adequate rehabilitation centres for athletes.
7. Lack of desire of sportsperson to learn the basic rules and regulations.
8. Presence of post-success incentivization rather than pre-success support.
9. Multiple associations or federations belonging to the same sports discipline have "emerged" or "existed," leaving athletes perplexed as to where they should enroll.

This is for favour of your kind information.

Yours faithfully

  
Director  
Sports & Youth Welfare, Assam
